Conservation Hut

Conservation Hut is a small cafe perched above the Valley of the Waters, Blue Mountains National Park. The hut was opened in 1963 as a meeting place for the local conservation movement. Rebuilt, Conservation Hut opened as a cafe in 1993, serving breakfast, lunch and dinner, seven days a week. Around the Conservation Hut is a small parking area, public toilets, picnic shelters, town water and B&B's. For further information or bookings call (02) 4757 3827. More info.

Queen Victoria Lookout

The Queen Victoria Lookout is perched above the Valley of the Waters, south-west of Conservation Hut. The fenced lookout has views into the narrow section of the valley. The views are made more dramatic by the roar of the waterfalls below and the mists which frequent the area. Empress Falls are only just visible - the main views extend down Jamison Valley. Kings Tableland (left) and Sublime Point(right) dominate the views and the eastern edge of Mount Solitary and beyond is also visible.

Empress Lookout

Empress Lookout is a fenced and signposted lookout, perched on a sandstone overhang above the Valley of the Waters Creek. There is a view down to part of the Empress Falls and into the canyon. The views are filtered through the surrounding trees. It makes for a good spot to catch your breath when walking into, or out of, the Valley of the Waters.

Empress Falls

Empress Falls is a spectacular waterfall in the Valley of the Waters. The Valley of the Water Creek comes out of the slot in the cliff and tumbles down a series of cliffs to a sandy pool. The fall is the site of the last abseil in a popular canyon, making a great site for walkers in the area. Stepping stones help walkers cross below the falls. There is a small overhang next to the falls, giving the area shade and offering a great place to rest.

Lodore Falls

Lodore Falls are a lovely set of falls on the Valley of the Waters Creek. The narrow falls have a staircase on one side and stepping stones (and handrail) crossing the bottom, making it easier for walkers to appreciate this waterfall from many angles. Just beyond the handrail, the water falls over another cliff, providing a great view down the valley.

Before You walk

Bushwalking is fun and a wonderful way to enjoy our natural places. Sometimes things go bad, with a bit of planning you can increase your chance of having an ejoyable and safer walk.

Before setting off on your walk check

- 1) Weather Forecast (BOM Central Tablelands District)
- 2) Fire Dangers (Greater Sydney Region)
- 3) Park Alerts (Blue Mountains National Park)
- 4) Research the walk to check your party has the skills, fitness and equipment required
- 5) Agree to stay as a group and not leave anyone to walk solo

Think before you TREK

The 'Think before you TREK' program developed by NSW Police & NPWS promotes the benefits of planning ahead for your bushwalking trip by using an easy to remember acronym:

 ${f T}$ Take adequate supplies of food, water, navigation and first aid equipment.

Register your planned route and tell friends and family when you expect to return.

Emergency beacon (PLB's) should be carried on walks with significant gaps in mobile coverage (check terrain profile).

Keep to your planned route and follow the map and walking trails.
